<sup>1</sup>/Applicants believe that original Claim 79 was incorrectly classified into Group I. Claim 79 is a "means for" apparatus claim corresponding to apparatus Claim 72, and therefore should be included in Group II.

80-82, which relate to the same invention. New Claims 80 and 81 depend from one of the elected claims, and Claim 82 is an apparatus claim in “means plus function” format corresponding to elected Claim 57.

Also, please amend the above-identified application as follows. The amendments to the claims are reflected in the listing beginning at page 3, and the Remarks beginning at page 30.
